### **School excursions:**

Our project, the Magic World Museum, is presented as ideal for children between 4 and 11 years old. As a teacher who visited us said, "in this museum all emotions move". At such early ages we believe that it is important that the imagination is stimulated with activities like this.

As it is an interactive museum where the final objective is to take pictures in the different settings, we believe that it is an ideal museum for the stages of 1st to 6th grade of primary education. The duration of the visit can be an hour and a half or two. As for the prices, for educational centers they would be the following:

- Groups of up to 10 people: €9 per person
- Groups of 11 to 20 people: €8 per person
- Groups of 21 people or more: €7 per person

\* Accompanying teachers have free entrance.
